Use the practical strategies described in this book to prevent bullying and create a safe, inclusive elementary classroom where kindness and learning flourish. Veteran educator Caltha Crowe offers a proactive approach to bullying prevention that shows you how to create a positive classroom environment and how to respond to mean behavior before it escalates into bullying. Learn to: Recognize and stop gateway behaviors as soon as they start. Build a caring classroom community. Create rules with children that help prevent bullying. Be the first to review “How to Bullyproof Your Classroom.”

Your email address will not be published. Required fields are marked *. Your rating. Still, pint-sized doses of challenge is bound to come their way, and depending on how well you prepare them, their self-esteem will definitely take a few knocks. Children say and do mean things, but what better way to build confidence and self-esteem than through stories? We’ve compiled a list of books that do just that, each one with an easily digestible message on how to overcome challenges and how to appreciate your own uniqueness. Also see: Put your child in the story. Giraffes Can’t Dance. To the world Gerald is nothing but a clumsy beanpole, and is horribly mocked at the annual Jung Teaching children how to take the air out of the teasing. He also teaches children how to handle threats and situations where they are made to feel unsafe. Of course, if a child is physically attacked, he deems that a crime and endorses calling for adult intervention. “The message given today is that although sticks and stones can break my bones, words can kill me, but that is counterproductive,” Mr. Kalman said. Becoming Bulletproof is a great book for those who want to become more situationally aware of their surroundings and how to read people in a subtle non-threatening way. Evy pulls experience and training she received as a Secret Service Agent and shares her knowledge in a comprehensive manner. You will also get a look into some of the incredible situations she was confronted with and overcame. She goes into depth as to why people react the way they do when faced in threatening situations and how to best approach them. From surviving highly dangerous situations to simply taking preventative steps to keep yourself safe during your every day life, this book is a must read even if the only thing you take from it is one of the many lessons the authors teaches you.
