An American colony. Second edition. Stephen W. Haycox. Alaska’s shape and size are results of judgments made in the early nineteenth century by European and American diplomats, and today these dimensions are readily recognized by only a few Alaskans; the focus of most Alaskans is on their immediate local geography, not on where they are in a broader context. Alaska, an American Colony focuses on Russian America and American Alaska, bringing the story of Alaska up to the present and exploring the continuing impact of Alaska Native claims settlements, the trans-Alaska pipeline, and the Alaska Lands Act. In contrast to the stereotype of Alaska as a place where rugged individualists triumph over the harsh environment, distinguished historian Stephen Haycox offers a less romantic, more complex history that emphasizes the broader national and international contexts of Alaska’s past and the similarities between Alaska and the American West. Covering cult...
