Achieving your Diploma in Education and Training. This book supports the Level 5 Diploma in Education and Training for anyone training to teach in the further education and skills sector. Full of informed practical guidance and supported by links to theory and research, it has been carefully designed to help you successfully achieve the qualification. The Certificate in Education and Training is an initial teacher training qualification, studied at Qualifications and Credit Framework Level 4, for teaching in Further Education and the lifelong learning sector of education in the United Kingdom. Study for the Certificate in Education and Training typically follows the completion of the Award in Education and Training at Qualifications and Credit Framework Level 3, and precedes the start of the Diploma in Education and Training at Level 5. The Certificate in early childhood education creates a pathway toward working in high-quality preschools and primary schools. It allows the student to understand the most current thinking in the education of young children. A certificate holder may gain access to higher-paying jobs than a caregiver without an academic record. Earning a certificate could allow the holder to become a licensed childcare provider or educator. These positions work under the supervision of other educational professionals in childcare locations such as daycares, preschools, early intervention programs, and primary schools. Non-caregiving positions are available with therapists, local governments, and religious organizations. The Certificate in Education and Training. (225 pages).
