"As a California native and former photographer and travel expert, I can truly say that the photographs in California the Beautiful are the next best things to being there." - Rebecca Foree, author of Northern California Best Places.

This is a beautiful photo book of California. It is small (8x8) but I wanted a console table book, so perfect for my needs. There are lots of gorgeous sunset/sunrise photos, especially of the Sierras. California, the golden state, offers some of the most beautiful and spectacular sights and places to visit! Just browse through these awesome pictures and be amazed by its beauty. Yosemite Falls, Yosemite National Park. The falls themselves are fifty foot in height and look exceptionally beautiful due to the moss and algae that grows on the cliff. This makes the colours you see as the water runs distinctive and mesmerizing. California’s Pacific Coast Highway. The Pacific Coast Highway in California is one of the most beautiful drives there is. It runs along most of the coastline of California and is famous across the world for its beautiful scenery. A California gold-rush town located in the Sierra Nevada’s western foothills, Nevada City, a historical landmark, is an idyllic town brimming with charm. Proud of their history, locals have been very careful to preserve the Victorian buildings for visitors and future generations. Park the car and walk along the narrow streets to see the beautiful buildings up close and discover art, handmade jewelry, clothes, books and tantalizing cuisine. Many events take place throughout the year as well, including the Nevada City Bicycle Classic, First Friday Art Walks and Victorian Christmas.
