Now in its third year, the Max Planck Yearbook of United Nations Law is becoming a much sought-after forum for essays by the most distinguished professors in international law. These essays cover a variety of topics related to the activities of the United Nations: from the role of the Security Council to UN treaties, from environmental issues to humanitarian law. The Yearbook also contains essays on related organizations such as the World Bank, the IAEA, and the WTO. You can write a book review and share your experiences. Other readers will always be interested in your opinion of the books you’ve read. Whether you’ve loved the book or not, if you give your honest and detailed thoughts then people will find new books that are right for them. 1. The Yearbook of the United Nations published by the Department of Public Information stands as the authoritative reference work on the activities and concerns of the Organization. Based on official UN documents, the Yearbook provides comprehensive coverage of political and security matters, human rights issues, economic and social questions, legal issues, and institutional, administrative and budgetary matters.
