Of course, the October Revolution of the 1917 of the year is a most difficult event in terms of historical assessments. Today is November 7, the anniversary of the Great October Socialist Revolution. Under this name, millions of people from Brest to Kamchatka, from Alma-Ata to Yakutsk, from Baku to Chisinau knew and know this day. The day that once shared history countries on the “before” and “after”. In 1995, the historical date was gradually etched out of people's minds. Find out information about Great October Socialist Revolution. The following article is from The Great Soviet Encyclopedia . It might be outdated or ideologically biased. The first victorious socialist revolution in Explanation of Great October Socialist Revolution. The socialist revolution in Russia as a product of historical laws. On the basis of a profound study of world history and of the conditions under which capitalist society arose and developed, its laws of development, and the antagonistic contradictions it contained, Karl Marx and Friedrich Engels, the founders of scientific communism, discovered the objective laws of social development. David North, chairperson of the International Editorial Board of the World Socialist Web Site and of the Socialist Equality Party (US), delivered this lecture at the University of Leipzig on March 16. At the book fair, Mehring Books, the publishing arm of the International Committee of the Fourth International, presented its two-volume collection of lectures and essays marking the centenary of the Russian Revolution. The title of the two volumes is Why Study the Russian Revolution? I am confident that the material in them answers this question.
