Deng Xiaoping's rule has seen fundamental economic change in China. This book considers the impact of these years on China's physical environment, as well as its people, industry, agriculture and trade. It also assesses the contribution of a decade of Chinese politics towards geopolitics. The book provides an introduction to Communist China, setting its spatial and environmental themes in the historical, political and economic framework so crucial to a proper understanding of this country and the fifth of the world's population it contains. It is particularly suited to courses on The China Quarterly. Article contents. Abstract. The Geography of Contemporary China: The Impact of Deng Xiaoping's Decade. Edited by Terry Cannon and Alan Jenkins. [London: Routledge, 1990. Book Reviews. Information. The China Quarterly, Volume 126, June 1991, pp. 386 - 387. Copyright © The China Quarterly 1991. This book considers the impact of these years on China's physical environment, as well as its people, industry, agriculture and trade. It also assesses the contribution of a decade of Chinese politics towards geopolitics. The book provides an introduction to Communist China, setting its spatial and environmental themes in the historical, political and economic framework so crucial to a proper understanding of this country and the fifth of the world's population it contains. It is And no scholar of contemporary East Asian history and culture is better qualified than Ezra Vogel to disentangle the many contradictions embodied in the life and legacy of China's boldest strategist. Once described by Mao Zedong as a "needle inside a ball of cotton," Deng was the pragmatic yet disciplined driving force behind China's radical transformation in the late twentieth century. Perhaps no one in the twentieth century had a greater long-term impact on world history than Deng Xiaoping. And no scholar of contemporary East Asian history and culture is better qualified than Ezra Vogel to disentangle the many contradictions embodied in the life and legacy of China's boldest strategist. Deng Xiaoping and the Making of Modern China is a book by Sir Richard Evans chronicling the rise of Deng Xiaoping as the leader of the People's Republic of China. The first British edition was published in 1993 by the Hamilton company. The first American edition was published by Viking Books in 1993. This was Evans's first book. Evans had served as the Ambassador of the United Kingdom to China, from 1984 to 1988. To conduct his research, with approval of PRC officials, Evans had interviewed several
