I would recommend KINDLE EBOOK -- Let's Explore the North Pole: Arctic Exploration and Expedition (Children's Explore the World Books) to anyone with children who love animals and want to help teach them about those in the frozen north. I also recommend that parents look at the book because it has some facts that I didn’t know until I read it. Start by marking â€œLet's Explore the North Pole: Arctic Exploration and Expedition (Children's Explore the World Books)â€ as Want to Read: Want to Read saving… Want to Read. Let us know what's wrong with this preview of Let's Explore the North Pole by Baby Professor. Problem: It’s the wrong book It’s the wrong edition Other. Grab a copy of this coloring book today! The North Pole is a mysterious place that’s mostly covered with snow. There are only a few animals that dare live in this very cold place. Turn the pages of this book to learn about the North Pole. Coloring books is a valuable learning resource that carefully selects information to ensure optimum information absorption. Grab a copy of this coloring book today! Coloring books is a valuable learning resource that carefully selects information to ensure optimum information absorption. Grab a copy of this coloring book today! ...more. Culled from extensive research of handwritten diaries and private journals, Arctic Grail is the definitive book on the age of arctic exploration and adventure. Travel with the adventurer Roald Amundsen, the cool Norwegian who completed a voyage in a tiny sloop that the British Navy failed to accomplish with its great three-masted ships; Frederick Cook, who lied about reaching the North Pole; and finally, the ruthless and paranoid Robert Peary, who claimed to have reached the North Pole in 1909. As much about the explorers who braved impossible odds as it is about each expedition, Arctic Grail is an epic account of the Golden Age of Exploration at the top of the world. Contents. Screenshots.
