Despite having read these 300+ pages on the subject matter, I feel I'm no closer to being able to communicate with spirits than I was when I started. Maybe I was just a complete idiot to think I could learn how to do this from reading a book. flag Like · see review. I found this book to be quite informative, with a broad and entertaining take on the subject of communicating with the Other Side. The book is replete with some of the laws of spiritual interaction; some of the protocols associated with discarnate entities are explained in ordinary language, and make an otherwise nebulous subject quite understandable. This is a must for anyone interested in spiritualism, from the casual observer to the aspiring medium! item 2 The Complete Idiot's Guide to Communicating W by Deborah S.
