
The Excise Duty Bill 2015 Analysis Diving deep. Disclaimer This publication contains general information only, and none of Deloitte Touche Tohmatsu Limited, its member firms, or its and their affiliates are, by means of this publication, rendering accounting, business, financial, investment, legal, tax, or other professional advice or services. The measure In an effort to address the effects of environmental degradation, the Cabinet Secretary, National Treasury has proposed the enhancement of the excise duty on non-biodegradable plastics to KShs. 120 per kilogram. Our view The Bill has put together the items on which excise duty will be charged. These were previously provided in different sections. It provides clarity on who shall be responsible for payment of excise duty. Report, together with formal minutes, oral and written evidence. Ordered by the House of Commons to be printed 30 June 2009. HC 276 Published on 10 July 2009 by authority of the House of Commons London: The Stationery Office Limited. £0.00. The Defence Committee. Ninth Report of Session 2007-08, The future of NATO and European defence, HC 111 2 Photographs of the Committee’s visits to Russia, Georgia and Estonia can be found at: www.flickr.com/photos/uk_parliament/collections/72157615971128128. 6 Russia: a new confrontation? 5. In the last few years, many commentators have noted the more assertive tone of Russian foreign policy heard in Kremlin rhetoric. 1 Excise duties (or taxes) are typically levied on particular goods, and are distinct from broad-based indirect taxes, such as value added tax. Typically, they are “specific” taxes (levied as a fixed absolute amount per unit); however, in some cases, they also have an ad-valorem component (proportional to price). Figure 9.1 shows that revenues from vehicle excise duties, as a share of national income, have also been gradually falling over time, while revenues from other duties have been rising from a low base. The value of revenues raised from duties on tobacco, fuel and alcohol has fallen not only as a share of national income but also relative to other sources of revenue. Environmental taxes include the climate change levy, the aggregates levy and landfill tax. First Report of Session 2007-08, Volume I. HC 76-I. In the footnotes of this Report, references to oral evidence are indicated by “Q” followed by the question number. References to written evidence are indicated by page number as in “Ev12”. number HC 76-II only if a vol 2: App™ refers to written evidence printed in Volume II, serial number HC 76-II].
