Mr. OBERSTAR. The Committee on Transportation and Infrastructure will come to order. A few days before Joe Biden’s Inauguration and due to foreign interference in the 2020 Presidential Election, Trump had instigated the Insurgency Act, declared Martial Law and deferred his power to the US Military. Early Mon. morning 25 Jan. between 3 and 6 am a blackout occurred in Washington DC around the White House. Several people were taped getting out of their cars, showing IDs to guards and then walking into the grounds. https://www.bitchute.com/video/oYzu0wcwa3GE/. Evidently Biden’s team was not in the White House, but detained and arrested behind the scenes. The US Military was expected to have arrested Harris on charges of treason, while invoking the 25th Amendment on Biden because of his dementia and subsequent inability to hold office. This receipt or certificate, if attached to the Oil Record Book Part I, may aid the master of the ship in proving that his ship was not involved in an alleged pollution incident. The receipt or certificate should be kept together with the Oil Record Book Part I. Example #4: Draining of water (disposal) from an oil residue (sludge) tank listed under item 3.1 in the Supplement to the IOPPC, to a bilge water holding tank listed under item 3.3 in the Supplement to the IOPPC. Example #16: Accidental Pollution- Note: If failure of Oil Filtering Equipment or Oil Content Meter related equipment is involved, appropriate (F) entry is to be made in ORB. Relevant sections of the SOPEP (SMPEP) are to be used to combat oil spills at sea.
