What are reasons for NPAs? What are the steps taken by the Government to tackle bad loans? Therefore loan has not been not completely written off. How serious is India’s NPA issue? More than Rs. 7 lakh crore worth loans are classified as Non-Performing Loans in India. This is a huge amount. The figure roughly translates to near 10% of all loans given. This means that about 10% of loans are never paid back, resulting in substantial loss of money to the banks. When restructured and unrecognised assets are added the total stress would be 15-20% of total loans.
